

Cyber Operational Resilience Decision Intelligence

Continuum Resilience | Cyber Operational Resilience Decision Intelligence

HARBOR RIDGE BANK | FICTIONAL DEMONSTRATION CLIENT

The brand makes evidence and decision authority visible

Authoritative, controlled, technically credible and board appropriate.

Continuum connects sustained service with trusted recovery.

Harbor Ridge Bank remains the fictional demonstration client.

Continuum Resilience balances clarity and credibility

No trademark availability claim is made.

- Continuum Resilience - selected
- ControlPoint Intelligence - clear but product-like
- Assurance Vector - credible but less self-explanatory

A restrained palette separates brand, evidence and status

Navy anchors authority; teal identifies the brand; copper marks decisions.

Aptos keeps PowerPoint portable on modern Windows

Arial is the explicit fallback; minimum body copy is 16 px.

36 px slide title / 24 px callout / 18 px body / 13 px label

Shorten content before
reducing type.

Evidence, findings and decisions must look different

Color is reinforced by labels, structure and reading order.

KEEP CHANNEL OPEN

Preserves access

May increase unreconciled transactions
and customer harm if data cannot be
trusted

SUSPEND CHANNEL

Limits questionable posting

Creates immediate service disruption and
manual-processing pressure

Decision evidence: journal integrity, independent reconciliation, customer harm and settlement obligations

Twenty-one layouts support varied executive storytelling

Data, diagram, comparison, timeline, decision and roadmap silhouettes share one grid.
